The last free opening concert of the series given by the city will take place at Capitol Square Wednesday evening. The Opera House band will on this occasion render the finest programme of the season.

A young man of New Martinsville, aged about 18, jumped on an Ohio River train to ride down to the water station there. He jumped off before the train stopped and in jumping stumbled. This left foot was caught in the wheels and so badly mutilated that he will probably lose it.

Mr. Joseph Chesser, representing Haverly's "Michael Strogoff" company, is in town. The company will be at the Opera House on the 13th, 14th and 15th. Mr. S. L. Brown, of Glenade, Marshall county, was in the city yesterday and exhibited at this office some very fine specimens of apples raised in his farm. His claims that they are the largest raised in the State. His Roman Beauties, Northern Spy and Thompson King apples are also beautiful specimens of fruit.

ABOUT PEOPLE.

Strangers in the City and Wheeling Folks Abroad.

Mrs. Gibson Lamb, during last week, was the guest of Parkersburg friends.

City Clerk Bowers and wife have gone to Chicago to be absent a week visiting friends.

Mr. Randall left yesterday for Philadelphia, and did not speak at Bellaire last night as announced.

Mr. Ed. L. Rose, the popular manager of the Lowe Sewing Machine company in this city, is to be married this morning to Miss Laura Long.

Mr. G. W. Washburn, a clever Cincinnati, representing Van Antwerp, Bragg & Co., the school-book publishers, is at the Stamm house.

Mrs. W. D. Pemberton, a daughter of the late Ebenezer McCulloch, of this county, died at her home at Grand Island, Nebraska, on the 23rd instant.

Mr. Henry Zoelcher and family have left the city to take up their new residence in Dakota Territory. The "Coyote Club" presented Mr. Zoelcher with a Winchester rifle to guard himself against the dangers of that country.

Capt. Charles A. Boutelle, of Bangor, Maine, a member of Congress from that State and a personal friend of Mr. Blaine's, is at the McLaughlin house, accompanied by his wife. He will make several speeches in West Virginia.

Mr. Blaine, in his drive out the National road Sunday night, was accompanied by a number of the flowers of such wayside plants as were in bloom and analyzed them for the instruction of his son as well as his own amusement, proving himself an expert botanist. He took with him some specimens, among them some pods of the milk-weed or "wild cotton."

THE WILD WEST.

Buttalo Bill's Tenth Great Show this afternoon.

Hon. William F. Cody and his "Wild West" combination, consisting of 168 persons, numerous horses, ponies, buffaloes, dogs and "Indians not taxed," arrived in the city last evening on their special train from Washington, Pa., where they exhibited yesterday. They made a very quick run over the Hempfield. The party at once camped out at the State Fair grounds. The show was a grand one, and the Indians living in their own tents in their own way, and their own men of the party living in tents.

There are in the party now 65 Indians. Two yesterday for their home in the West, having lost a baby, and being sent home by Mr. Cody to bury it. The couple were Oscar, or Elias-as-tawias (the man-who-will-never-succumb-to-his-father) and his squaw. They belong to the Omaha tribe. Another lady was born in the company Saturday night, the father being "Broncho Bill," a full blood, and the mother Eliza, a Sioux woman.

Most of the Indians are Omahas and Pawnees, though they are about a half dozen Sioux. "Buttalo Bill" is not partial to Sioux, as they are exceedingly troublesome.

The exhibition will commence this afternoon at 2 o'clock. It is a showing of the modes and manners of life in the Western world which will be of interest to all. No such an opportunity can be obtained this side of the great plains.

MR. BLAINE TO-DAY.

THE MEETING THIS AFTERNOON.

Speeches by Judge Tenney, of Brooklyn, and Capt. Boutelle, of Maine—Mr. Blaine's Arrival and Departure—Prospects for a Big Informal Reception Here.

Mr. Blaine will arrive in Wheeling between 11 o'clock and noon to-day, over the Ohio River road. His special car will at once be switched over to the Cleveland, Lorain & Wheeling road, by way of the Bellaire bridge and the C. & P. road. Mr. Blaine will be met at the depot by the Committee and the Plumed Knights, who have been detailed as Mr. Blaine's escort while in the city. He will be in the city only an hour or two, but will be present at the meeting at Capitol Square, which will be opened promptly at 1 o'clock.

THE MEETING.

This meeting will be addressed by Judge A. W. Tenney, of Brooklyn, N. Y., who has accompanied Mr. Blaine on his trip across the country. Captain Charles A. Boutelle, of Bangor, Maine, an orator with a national reputation, and a member of Congress from that State, will also be present. He is also in the city, and will be present at the meeting. He can no doubt be induced to make a speech. He is a gentleman of commanding presence, powerful voice and acknowledged high standing in the country. He will be present at the meeting. He can no doubt be induced to make a speech. He is a gentleman of commanding presence, powerful voice and acknowledged high standing in the country.

A commodious stand was yesterday erected on the east side of the city, facing the Paxton fountain, which will be used for the meeting. Mr. Blaine, it is expected, will be there when the meeting opens.

There will be no public demonstration of a formal character.

MR. BLAINE'S DEPARTURE.

The following is the programme of Mr. Blaine's movements in and about the city to the 11th, inclusive. He leaves Bridgeport to-day about 2 p. m., going to Canton, stopping at the following places: Flushing, Freeport, Utrichville, New Philadelphia, Canton, Mass., where he will arrive on the 8th, he attends a meeting at Massillon; on Thursday, the 9th, he leaves Canton at 9 a. m., going to Columbus via the Pittsburgh, E. Wayne & Chicago Railway and Bee Line, stopping at Erie, Allegheny, Johnstown, Mansfield, Crestline, Galena, Mt. Carmel and Delaware, arriving at Columbus in the evening, where he will remain over night.

Seah Chalmers, President, W. Steward, Vice President, Oscar Townsend, General Manager of the Cleveland, Lorain & Wheeling road, came down to Bridgeport yesterday to meet Mr. Blaine and accompany him to Canton.

There is every prospect that the meeting to-day will be an enormous one.

THE PLUMED KNIGHTS.

The attention of the Plumed Knights is directed to general orders No. 10 in this issue. It is necessary that every man be on hand promptly. The club is the only one ordered out for escort duty and every one should be present. In addition to the drum corps, Krauer's band will be at the head of the company. It is expected that the company will be on duty about two hours.

It is probable that the company will turn out Thursday evening to escort General Stewart L. Woodford, and Saturday evening to escort the Plumed Knights to the State Fair grounds. It is expected that the company will be on duty about two hours.

Yesterday's Columbus State Journal further notes the visit of the Wheeling Plumed Knights to the city as follows: "One of the most noticeable features of the parade was the presence and marching of the Plumed Knights of Wheeling, W. Va. It looked like the year of Jubilee when the Plumed Knights of the State visited the old State Fair grounds in the city of Columbus. A representative of the Columbus Buggy Company in writing to Hoge & Co., of this city, says: 'The Wheeling club was a favorite with all. Your boys were up and down every hand. I write this as a duty to them.'

The Bellaire Independent in its notes of Saturday's demonstration says: "The Plumed Knights of Wheeling, many of whom had not slept since Thursday night, were the first in the procession. It was a grand sight to see the Plumed Knights and Benbow boys as to which were the best of the bonquets of honor. Both are nicely uniformed and well drilled."

Capt. C. A. Boutelle, of Bangor, Me., arrived in the city yesterday night. He was in the city last evening on their special train from Washington, Pa., where they exhibited yesterday. They made a very quick run over the Hempfield. The party at once camped out at the State Fair grounds. COUNTY AFFAIRS.

THE BOARD OF COMMISSIONERS.

In Regular Monthly Session—Appointment of Commissioners and Contractors of the Election Next Week—The Proposed Railroad Subscription, etc., etc.

The regular monthly meeting of the Board of County Commissioners was held yesterday with all the members present. The most interesting business before the Board was in reference to the coming State election.

The Committee on Finance and Accounts recommended the payment of bills amounting to \$235.55, which recommendation was adopted. The committee also reported that claims had been filed for \$615 for sheep killed by dogs in the past year, and that the receipt for dog taxes were sufficient to pay 90 percent of them. Each claim was ordered paid in this proportion.

The Committee on Court House and Jail recommended the payment of bills aggregating \$474.80, and the Committee on Roads and Bridges, \$702.30. Both were ordered paid.

The Committee on Poor House and Farm reported that they had let the contract for furnishing a new boiler to A. J. Sweeney & Son, at their bid of \$600, they agreeing to take the old boiler on account at \$60.

The Committee recommended the payment of bills to the amount of \$1,094.27. The Committee referred the matter to the Board for their consideration. The Board resolved to employ a teacher at \$20 a month.

Several applications were read for the position. Gertrude Swiers wanted \$22 a month, but if the Board were not willing to pay that, she would accept \$20. Creighton wanted \$25 if she taught without examination, her salary to be in accordance with her certificate if examined. W. S. Maxwell, holding a No. 2 certificate, would teach for \$20 a month. Mr. Maxwell was chosen.

Some work was ordered done on the Peninsula road in the city limits.

The legal notice of the vote on the proposition to subscribe \$150,000 to the Ohio River Railroad was ordered to be printed or one week in the three daily newspapers.

Some discussion took place on the appointment of judges, clerks and canvassers of elections. One or two of the applicants made by Commissioners for their districts were objected to by some members. Finally changes were made until the list was acceptable to all. Mr. Spidel, of Clay district, had selected Michael Kelly as the Democratic judge for his district, but objection being made to him by the Chairman of the Democratic County Committee and others, he named Aug. Rolf in his stead. After the noon recess Mr. Delbridge said Capt. Rolf could not serve, and he moved to appoint John O. Pendleton. Mr. Spidel claimed the right to name his own man, and placed M. Einsheimer on the list. Mr. Delbridge moved to substitute Mr. Pendleton for Mr. Einsheimer, but after some discussion, withdrew the motion, and the whole list was confirmed.

Mr. Delbridge moved to print the list in each of the three daily papers for the information of those appointed and the public, but this meeting with some objection he withdrew the motion.

Some of the minor matters occupied a good deal of time, and the Board did some discussion, and the Board did not adjourn until nearly 5 o'clock.

GOV. HOODLY AT BELLAIRE.

A Grand Rally of Democrats—Spend the Evening—Gov. George Hoodly and Hon. S. J. Randall were advertised as among the distinguished speakers to be present. Mr. Randall left this city yesterday morning for Philadelphia, and therefore was not present. Governor Hoodly arrived in the Glass City early in the afternoon and was taken to the Ohio House, where a number of citizens of both parties called on him. He was also surrounded during the afternoon by an unbroken throng of admirers. He was taken in a carriage to the B. & O. depot to meet the other speakers.

The speaking took place in the evening in the Public Square. Hon. Russ J. Alexander, of Maryland, presided, in introducing Governor Hoodly to the throng. He made a little speech of his own. After Governor Hoodly's speech Colonel McCarty, of Pennsylvania, harangued the crowd. The crowd was small one as was the case at the previous meeting. In the procession there were 774 footmen and 53 mounted men. The decorations, especially those on Union street, were particularly fine. In fact all over town they were quite elaborate and handsome. This was the only feature of the parade which was connected with the Republican demonstration of Saturday night. The crowd at the speaker's stand and the parade were very tame and compared with those of Saturday, and the demonstration was nowhere.

There were several guards, present from the Jefferson and Junior Jefferson clubs of Wheeling. All told, about 500 arrived on the train from Wheeling and Benwood. They all easily embarked at the elevated depot, and the four cars did not leave until about 10 o'clock. The train did not leave until about 10 o'clock. At last there is once more a boating stage of water in the river. For the forty-eight hours the river has been rising and was still rising last night with a depth of 6 feet in the channel. Business was kept lively along the levee yesterday. The men from Steubenville, who were waiting for their train, were badly wounded by a torch.
